MINNESOTA BULLETIN NO. 260-5-21

SUBJECT: INF- TECHNICAL SERVICE PROVIDERS (TSP) PRODUCER FACT SHEET

Purpose. Release fact sheets to field offices for distribution to producers.

Expiration Date. September 30, 2005.

Each NRCS Area Office is being sent 600 copies of the attached Technical Service Providers (TSP) fact sheet for distribution to Field Offices. Each Field Office should provide the fact sheet to producers interested in TSPs. The fact sheet was developed at the request of Area Offices and reviewed by select producers prior to this release.

The fact sheet references Statements of Work (SOWs), available in Section IV of the electronic Field Office Technical Guide. SOWs describe work that TSPs must perform in order to successfully design and install a conservation practice. Selected SOWs are attached to this bulletin. SOWs should be provided to producers interested in the respective practice.

Direct questions regarding Fact Sheet use to Julie MacSwain, Public Affairs Specialist. Direct questions regarding Fact Sheet content to Jeff St. Ores, Water Quality Specialist.
